A. Finance Committee Recommendation vote

B. Appointment confirmations

1. Andy Kiyuna - Judiciary
  1. Do you mind working with Tom? Just met Tom and led to him working behind the desk and led to a conversation about being a student justice.
  2. Extra Curriculars? Lawyers against Sexual Violence, APIL, none beyond the law school
  3. Familiar with Judiciary? Yes. Have examined the Constitution.
  4. Familiar with Judiciary's Website? Yes.
  5. Foresee any issues working with Jamie Tokioka? Do not know this person. Most of work I did with coalitions and getting political parties to make the community better. Worked with a wide range of views and have no problems to do so in the future.
2. Jamie Tokioka - Judiciary
3. Natalie Moreland - ABA Student Representative
4. Rachel James - PT Senator (Brandon Marc Higa, replacement)
5. Anna Jang - Elections Committee Co-Chair
6. Erin Kealoha Fale - Elections Committee Co-Chair
7. James Diehl - Faculty Hiring Committee

1. What do you do in Faculty Hiring Committee? Duties known that the student committee member is to review applicants and this will be currently employed professors and elevated positions. Duties include looking at their track record as employees here, academics here, as well as what else they can contribute to the University and weigh that for their opportunities.
  2. Do your responsibilities continue after graduation in May? Not to his knowledge. Did this for 2015 and limited to Professors here and considered upwards to 500 applicants and did that very quickly.
  3. Have you discussed replacement for upon graduation? Yes. With Brandon Higa. Based on 2015 appointment committee, have replacement review the academia of the hiring potentials because that is important. They should comment on academic writing themselves and the faculty appreciate the ability to integrate into staff or interact with students. My experience, their contributions to academic community at large will be heavily weighed by staff and faculty.
  4. Have not met the board for this year.
  5. Planned meeting for the rest of the semester? Not to his knowledge.
- Any comments for Jamie Tokioka on Judiciary? None
  - Comments on Natalie Moreland? Good pick for that. Kaki- Senate, LSG and all student orbs will have to help her with writing the Student Self Study of the ABA accreditation. MUST HAVE THAT IN THERE. Site visit in Fall and has to be before that. Cannot just be Natalie saying what LSG and Senate could be. Students looking at themselves and how students can be worked into the mission of UH.
  - Comments on Rachel James? Brandon's appointment. Solid. Liked her involvement with Etes and so engaged will help the part time appreciate that. Working on E-Discovery Course and can track anything concerning student services and reflecting what students and full time program are hoping for.
  - Comments on Anna Jang? Solid. Professional golfer.
  - Comments Erin Kealoha Fale? Solid.
- C. By-Law Organization Resolution

Moving with electronic voting.
